Dr Aitor Ameztegui, a contributing author of the 1st Mediterranean Assessment Report “Climate and Environmental Change in the Mediterranean Basin - Current Situation and Risks for the Future” (MAR1)

The UdL and the CTFC participate in the first Report on the effects of climate change in the region

Dr Aitor Ameztegui of the Department of Agricultural and Forest Engineering at ETSEA, is one of the contributing authors to this report, promoted by MedECC, the network of scientists working towards a regional science-policy interface for climatic and other environmental changes across the Mediterranean. This report has been written by almost 190 scientists from 25 countries, and you can read more about it in the following [link](#) [

<https://www.medecc.org/first-mediterranean-assessment-report-mar1/>].
