AND YOU, WHAT DO YOU WANT TO BE?

UdL is promoting the digital student card as the preferred option because it is more sustainable.

The digital student card is more convenient, immediate, and environmentally friendly. Carry it with you at all times on your mobile phone and identify yourself securely and quickly.

Less plastic and lower resource consumption

Available immediately

Always on your mobile phone

Secure and easy to use

Physical card: A voluntary and exceptional option

A physical card will only be required to access bicycle parking areas on the following campuses:

- Agri-Food, Forestry and Veterinary Campus (ETSEAFIV)
- Rectorate Campus
- Capponet Campus

The physical card can be requested at any time during the academic year, when genuinely needed.

Digital (preferred option)

More sustainable
Faster
More convenient

Physical (exceptional)

Only for accessing bicycle parking areas on the indicated campuses.

In upcoming academic years you will also be able to access bicycle parking using the digital card. Little by little, we are adapting towards a more sustainable UdL.

BE SUSTAINABLE

Choose the digital card.

Don't request it "just in case".

You can request the physical card at any time during the academic year when you really need it.

It will only be necessary if:

- You cannot use the digital card.
- You want to access bicycle parking areas on the ETSEAFIV, Rectorate, or Capponet campuses.

Choose **digital** now; if one day you need the physical card, you can request it later.

Obtaining the UdL Card

The issue period will be **from 14/09/2026 to 25/09/20026**.

How to request it:

You need to book an appointment, selecting one of the emission points, day and time (e.g. 15/9 at 10:12h).

Book your appointment [
<https://outlook.office.com/book/Curs202627EmissiinstantniaCarnetEstudiant@udlcat.onmicrosoft.com/?isms>
]

What you need:

The only requirement is to have completed your registration.

You will be asked to give your details: name and surname, and have your photo taken. As long your registration is done you will get your digital card on the spot.

Card emission points:

The emission points are as follows:
